RESOLUTION 035-26

A RESOLUTION OF THE ROSS COUNTY BOARD OF COMMISSIONERS OPPOSING THE PROPOSED DESIGNATION OF ROSS COUNTY WATERWAYS AND TRIBUTARIES AS AN OHIO SCENIC RIVER

WHEREAS, the Ross County Board of Commissioners recognizes the importance of protecting Ohio's waterways, natural resources, agricultural lands, private property, and the economic interests of local communities; and

WHEREAS, previous efforts to designate all Ross County Waterways and tributaries as an Ohio Scenic River have been met with substantial opposition from local residents, agricultural interests, and affected property owners who have expressed concerns regarding private property rights, existing agricultural operations, and potential impacts on local land and water uses; and

WHEREAS, the Ohio Department of Natural Resources has previously studied and recommended portions of Ross County Waterways and tributaries for designation under Ohio's Scenic Rivers Program; and

WHEREAS, the Board recognizes that Ohio law provides protections for private land uses associated with scenic river designation, while also establishing additional review requirements for certain public infrastructure projects and watercourse modifications, and the Board desires that any local impacts be fully considered; and

WHEREAS, Ross County has a strong agricultural, residential, commercial, and industrial community whose continued economic development depends upon reasonable access to land, water, transportation, utilities, and other necessary infrastructure; and

WHEREAS, the Board of Commissioners believes that decisions affecting local waterways and surrounding properties should include meaningful input from affected property owners, local governments, farmers, businesses, water users, and other members of the local community; and

WHEREAS, the Board of Commissioners believes that the protection of Ohio's natural resources can and should be balanced with the protection of private property rights, existing water uses, agricultural activities, economic development, and the needs of local communities; and

WHEREAS, the Board believes that the concerns previously expressed by affected residents, farmers, and property owners regarding the proposed designation warrant recognition and respect; and

NOW, THEREFORE, BE IT RESOLVED, by the Ross County Board of Commissioners, that the Board hereby formally OPPOSES the designation of Ross County Waterways and tributaries as an Ohio Scenic River, in recognition of the substantial concerns and opposition previously expressed by local residents, agricultural interests, and affected property owners, and in support of their interests in protecting private property rights, existing agricultural operations, and traditional land and water uses.

BE IT FURTHER RESOLVED, that the Ross County Board of Commissioners urges the Governor, the Ohio General Assembly, and appropriate state agencies to fully consider the concerns of local governments, property owners, farmers, businesses, and water users before implementing or expanding any Scenic Waterways designation.

BE IT FURTHER RESOLVED, that the Board requests that, before any designation is advanced, the Ohio Department of Natural Resources provide clear notice of any proposed action, meaningful opportunities for consultation with affected landowners and local governments, and an assessment of potential impacts on agriculture, infrastructure, economic development, and local governmental authority.

BE IT FURTHER RESOLVED, that the Ross County Board of Commissioners encourages the State of Ohio and the Ohio Department of Natural Resources to work cooperatively with affected counties, agricultural interests, property owners, and local communities in advancing conservation and water-quality objectives while respecting local concerns.
